SUMMARY

Second-year B.Tech student in Computer Science and Engineering Core at VIT Bhopal with proficiency in Java, HTML, CSS, JavaScript and Python. Passionate about expanding knowledge in these areas, seeking opportunities to challenge myself and grow professionally.

WORK EXPERIENCE

Women Empowerment Cell, VIT BHOPAL

Involved in the Women Empowerment Cell, I help promote gender equality in STEM by organizing webinars and leadership workshops. My efforts are dedicated to creating a supportive environment that encourages women to pursue opportunities in technology.

CORE MEMBER, NOTION CLUB ,VIT BHOPAL

Active in the Notion Community Club for 10 months, I've transitioned from social media to event management, organizing workshops, hackathons, and coding competitions. Currently, as part of the tech team, I focus on improving community engagement and streamlining operations.

Web Development Project: VEHO

Developed a web application for bus scheduling and management, aimed at optimizing transportation services. The project features a user-friendly interface for booking tickets, tracking buses in real-time, and accessing schedules. Implemented responsive design principles to ensure accessibility across devices, enhancing the user experience. The project also includes a backend system for managing routes, schedules, and user feedback.

Girl Script Summer of Code- Contributor

Actively contributed to multiple open-source projects on GitHub, achieving a rank under 1,000, and gained valuable experience collaborating with diverse teams and enhancing technical skills

EDUCATION

ST. XAVIER'S HIGH SCHOOL,JABALPUR

Batch 2023

I participated in the Indian Model United Nations (INMUN), where I developed my public speaking and diplomacy skills. I also took part in various coding competitions at both school and national levels, earning recognition for my problem-solving and algorithmic abilities. Additionally, as a member of the school council, I managed multiple events, which helped me enhance my leadership and organizational skills.

VELLORE INSTITUTE OF TECHNOLOGY, BHOPAL

2023-2027

COMPUTER SCIENCE ENGINEERING,CORE

CGPA: 8.7

Participated in coding competitions and hackathons. Led major events as a core member of the College Club and contributed to the social media team and event management team.
